# RHYNCHOSAURS MASK

Cut out and colour in your very own Rhynchosaur mask.

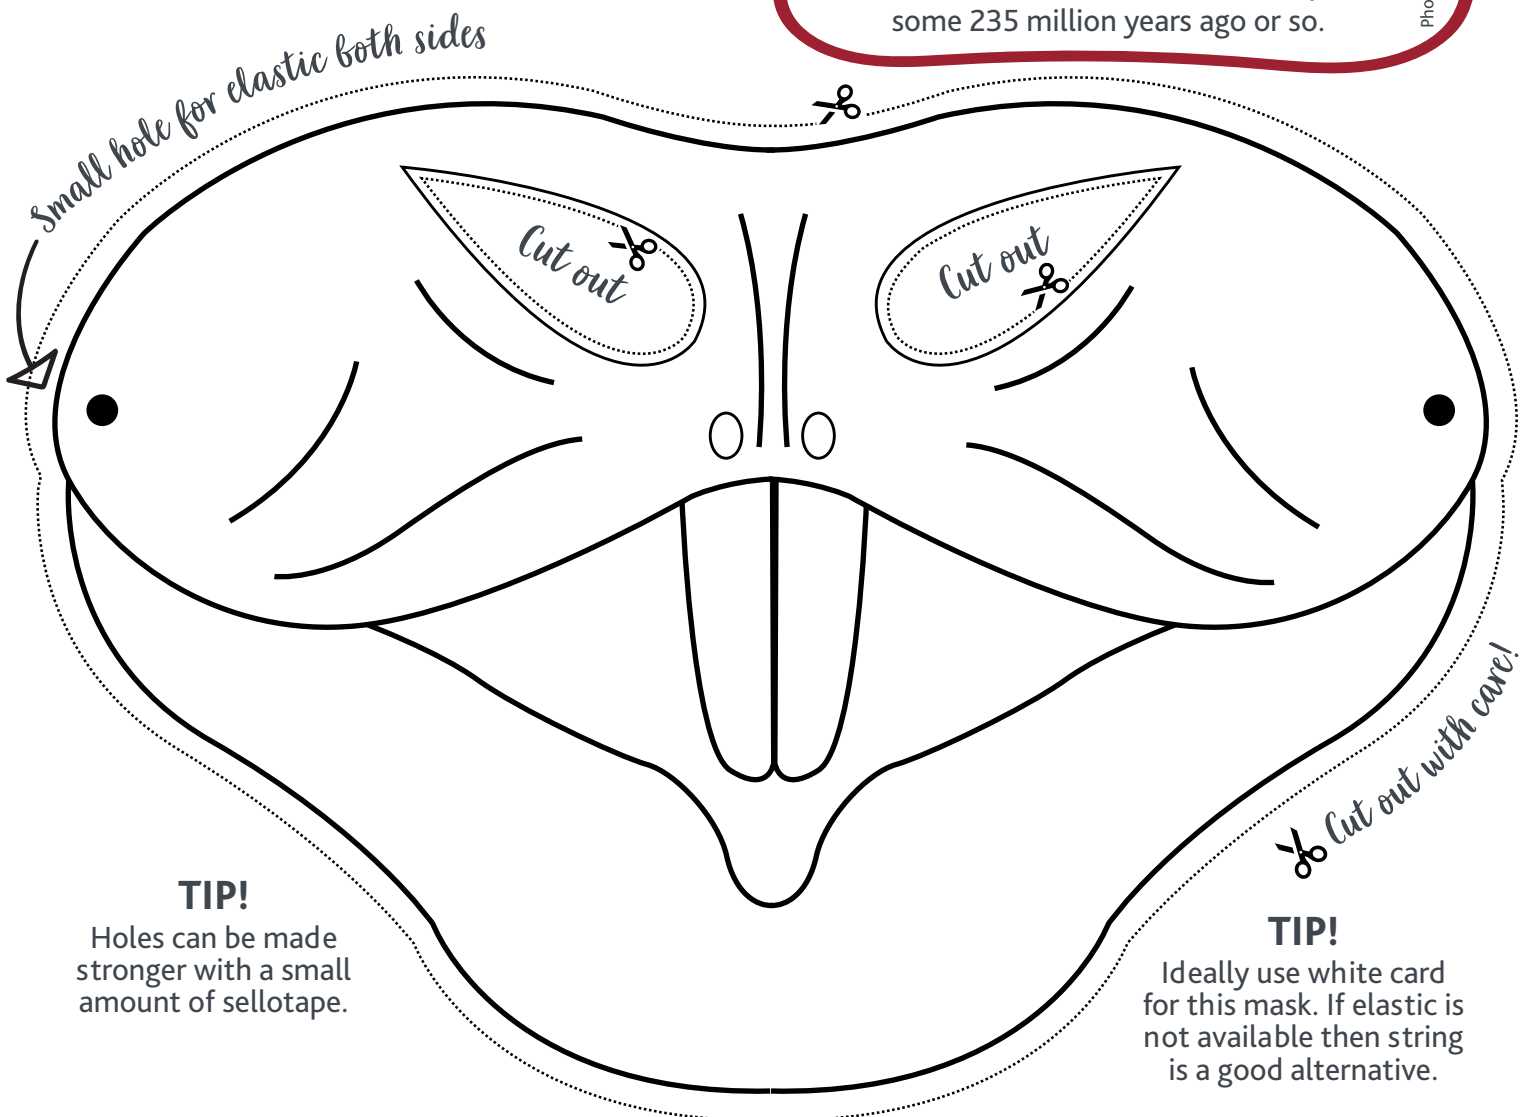

When done send us a photo of you wearing your mask for our gallery!

**DID YOU KNOW?**

Photo courtesy of Clinton Devon Estates

Rhynchosaurs were reptiles that roamed across East Devon in the Mid Triassic period some 235 million years ago or so.

**TIP!**

Holes can be made stronger with a small amount of sellotape.

**TIP!**

Ideally use white card for this mask. If elastic is not available then string is a good alternative.

Email your photos of you wearing your masks to [caroline.pearce@jurassiccoast.org](mailto:caroline.pearce@jurassiccoast.org)
